MEETING THIS MORNING FAILED TO DECIDE ON BISHOP STREET EXTENSION MATTER.

The meeting of the Union Feed Company which was held this morning for the purpose of taking action on the matter of allowing a right of way through their property for the extension of Bishop street to the waterfront, did not result in final action, and another meeting will be held some time tomorrow for final action. Owing to certain data not being at hand, the directors decided that they could not act intelligently, and so postponed action.

The commission appointed some time ago by Governor Carter to report if it is practicable to open Bishop street through to the waterfront for \$17,500 made a report by special request of Acting Governor Atkinson yesterday afternoon, in which it reviewed the situation substantially as reported in yesterday's Star, and further that owing to no definite word having been obtained from the Union Feed Company it was unable to say whether or not the street could be opened for the

If the Feed Company fails to grant the necessary permission, unless the Waterhouse Trust Company finds a way to raise the entire \$35,000 which i says is necessary to pay for the opening of the street betwen King and Merchant streets, as required by the Federal Government as a condition to the purchase of the Mahuka site for the Federal building, it looks as though the government will have to look further for a location for its building.

DEMANDS OF BOARDING HOUSE MASTERS
